## NOTICE TO SUBSCRIBERS

DURING 1908

RECORDS OF THE PAST will appear as a BI-MONTHLY

The Annual Subscription Price will be \$3.00

The Bi-monthly Issues will be larger than the present Monthly Issues

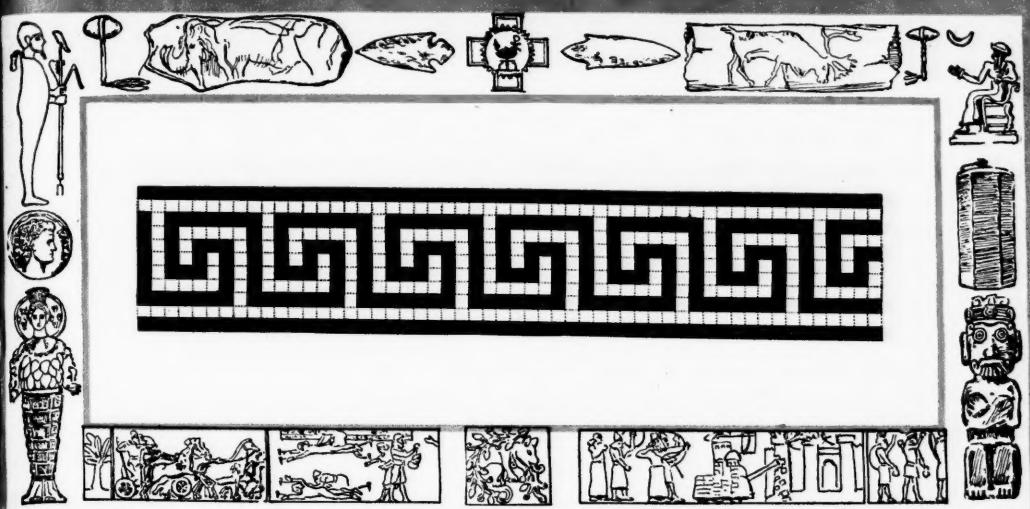

Never less than 48 pages

The General Character of the Magazine will not be Changed

This change in date of appearing and subscription price seems advisable to avoid the annual deficit arising from the publishing of the Magazine, since from the beginning the subscription price has not entirely covered the actual cost of publication, although no salaries have been paid the Editors. We trust that our patrons will continue their support and thus distribute more evenly the burden which has heretofore been borne by a few.

## NOTICE TO SUBSCRIBERS DURING 1908

### RECORDS OF THE PAST will appear as a BI-MONTHLY

The Annual Subscription Price will be \$3.00

The Bi-monthly Issues will be larger than the present Monthly Issues

Never less than 48 pages

The General Character of the Magazine will not be Changed

This change in date of appearing and subscription price seems advisable to avoid the annual deficit arising from the publishing of the Magazine, since from the beginning the subscription price has not entirely covered the actual cost of publication, although no salaries have been paid the Editors. We trust that our patrons will continue their support and thus distribute more evenly the burden which has heretofore been borne by a few.
